U. S.-JAP CRISIS IS SEEN

ARMISTICE LINE CROSSED BY REDS

TERMS OF PEACE DISREGARDED

Bolsheviks Defy Allies in the Capture of Pinsk

PARLEY MAY BE CALLED OFF

Russian Armies Continue Onslaughts Against the Poles

LONDON.—(By United Press.)—Pinsk has been occupied by the Bolsheviks in defiance of the armistice terms, according to the Polish official communique received here Thursday. The statement said the Reds took Pinsk, Skolka and Wolowka, and that their occupation of Pinsk meant they had crossed the "armistice line."

Activities of the Bolsheviks were being closely watched here as Premier Lloyd George in a note to the soviet government, dispatched to Moscow Wednesday, declared that the sincerity with which Russia carried out the terms of the Polish armistice, was most important as indicating the good faith—or otherwise—of the soviets. It was intimated that if Russia failed to adhere to the armistice terms, the proposed London peace conference between the Reds and allies might fall through.

RUSSIANS WARNED

Lloyd George suggested the conference start early in September, it was understood. The premier flatly notified Russia that success of the conference depended largely upon whether the Bolsheviks would agree to let representatives of Poland and the other states participate in the conference. The Reds were warned that if they refused to accept a form of recognition would not give them the right to send diplomats to foreign countries.

RED ADVANCE CONTINUES

WARSAW.—(By Associated Press.)—The Bolshevik drive from the northeast along the Belystok railroad and the thrust in Galicia, in the direction of Lemberg, are developing rapidly despite Polish resistance on both wings. In the center the Poles hold Pinsk, but if the red advance continues the Poles will be compelled to evacuate the Pripiet country. The Pinsk-Brest-Litovsk railroad already is threatened.

Galicia the fighting has reached a point 70 kilometers east of Lemberg, with the Bolsheviks bearing down upon the city from three directions.

In the south General Budenny, the Russian cavalry commander, has reinforced his army with runabout armored cars carrying machine guns which fight their way thru roads and open country, while the horsemen keep to the wooded region and rough country. General Budenny also has machine guns on carts drawn by four horses. These are brought up in the cavalry's rear and are used when the Cossacks make a stand.

METAL PLANES IN MAIL FLIGHT

Three Machines Leave New York For San Francisco

NEW YORK.—Three all-metal monoplanes carrying the first transcontinental aerial mail, left the flying field at Central Park, Long Island, at 10:08 o'clock Thursday, for San Francisco.

Eleven airplanes escorted the transcontinental machines in a farewell flight over New York before the jump westward on the Pathfinder trip to establish an aerial mail route between here and the Pacific coast.

The monoplanes carried letters from the Mayor of New York to the Mayors of San Francisco and other cities along the route, which will follow in general that of the transcontinental flight of army planes last summer.

Cleveland is the first scheduled stop. Other stops will be made at Chicago, Omaha, Cheyenne, Salt Lake City, Reno and San Francisco. The trip not only is expected to make possible the establishment in September of regular aerial mail service from coast to coast, but to yield information of value to the war department.

E. LEROY MAY BE EXTRADITED

Trunk Murder Suspect Held by Mexican Officers

DETROIT.—(By United Press.)—Formal request for extradition of O. J. Fernandez, alias E. Leroy, alias O. J. Wood, suspected in the New York-Detroit trunk murder, located at Saltillo, Mexico, will be made thru the state department at Washington Thursday, police intimated.

'PUPPY LOVE' NOT FEARED BY TWO LIMA PARENTS

Plea from Mother of Boy Brings Forth Answers from Two—Other Replies to Letter Requested and Will be Printed by this Newspaper

EDITOR, NEWS AND TIMES-DEMOCRAT:

I note on the front page of your paper, Wednesday, a letter written by a Lima mother, signed "One of Many," complaining of what she terms an approaching epidemic of "puppy love." The remedy she suggests is a getting together of mothers of "sixteen-year-old young men" and "sixteen-year-old young ladies."

Now, I take it that this mother is unduly alarmed. She says she is the mother of "sixteen-year-old boys" and no doubt the good woman has been dreaming of seeing those dear, sweet young men of hers vamped. I am the father of four girls and three boys, but I am not at all afraid of my neighbors' girls vamping my male offspring, nor do I fear any young man playing the cave man trick on the younger female part of the family.

If this mother wants to make mollycoddles of her boys, of course it's no business of mine, but it occurs to me if she would bring them up as real boys, who can boast of the manhood stuff, she need not be uneasy because they will take care of themselves.

She asks for restraint on the girls so that the dear, little weakling boys can have a "chance." Now, that is really too bad when you think of this community rearing girls who lay in wait to vamp these sweet little male things.

My suggestion, mother, is that you make men of your boys. For my part as a father, I am not afraid of any epidemic of puppy love.

FATHER.

A MOTHER'S VIEW

EDITOR, NEWS AND TIMES-DEMOCRAT:

Home life, more of it and better, will solve the problems of puppy love and the thousand and one things which beset the path of young people of today.

No matter how young and how sent away to the movies, in the evening, when there is nothing for her to do. Here she gains much of her inspiration for these silly love affairs.

Our home is made so attractive my little girl of nearly 16, does not cultivate a desire for this silly stuff. She is interested in her books and studies in the winter. In summer she gives her spare time to her music. Every Sunday sees her in the church and Sunday school, delighting in the services of the church.

She is not afraid to make a confidant of her mother. Whenever she wishes to invite a company of boys and girls to her home, she knows she is always welcome to do so. Her father and I bend every effort to welcome the young people and I would consider it none too much a sacrifice to fix them a nice lunch or supper, for her sake. She is interested in helping prepare it, too.

She wears her dresses out only to expose her throat and none of her breast. She never goes uncorseted or without petticoat. While she is lively and sprightly, she is still sweet and gentle and will make a womanly woman, we hope. She has just as good times as the more rowdy girls and stands a far greater chance of getting a husband worth while, her father and I reason, when she reaches the age to settle that matter.

What can mothers expect when they dress their young girls, almost mere children, in gowns cut so low and so thin they really fail to serve their purpose?

What could make for more immodesty? Yet, daily women appear in the streets only half clothed, and think nothing of it. Call it modern dress or something like that.

When mothers wake up to the effect the lack of home and church life, disreputable and immodest dress have on the actions and manners of all young girls, then and only then will the problem of puppy love and its ills be solved.

AN OLD-FASHIONED MOTHER.

This is the letter, printed in The News and Times-Democrat Wednesday, which brought forth the above replies. Other parents are asked to write their views in letters to the editor:

"I am one of several hundred women in Lima who are mothers of 16-year-old 'young men.' We are seeking the cooperation of the hundreds of mothers of 16-year-old 'young ladies,' and unless we can have it our next high school year is going to suffer terribly from an epidemic of 'puppy love.'"

ONE OF MANY.

BISHOP DEFIANT WARD POPULATION

Irish Prelate to Sail Despite England's Order

NEW YORK.—(By Associated Press.)—Plans of Archbishop Daniel J. Mannix, of Melbourne, Australia, to leave here next Saturday for Great Britain on the steamship Baltic are unchanged by formal notification from the British government that he will not be allowed to enter Ireland because of his recent attacks on the Irish question.

American commission on Irish independence announced today.

"Despite Lloyd-George's ukase," the announcement said, "Archbishop Mannix will sail on Saturday noon. Every lover of liberty, especially every one of Irish blood, should attend to bid him Godspeed."

The Baltic stops at both Queens-town and Liverpool. The commission did not state at which port the prelate planned to land.

ERIE, Pa.—William J. Zimmer, track laborer, Edinboro, Pa., killed and 12 persons injured when passenger and freight train met in head-on collision on Northwestern Pennsylvania Electric Railway, two miles south of here.

Census Bureau Announces Figures For City of Lima

Figures showing the population of the six wards in Lima have just been announced by the Census bureau at Washington. The total for the city, 41,306, is not changed.

Following are the figures showing the population of each ward:

Ward Number 1	5,592
Ward Number 2	8,244
Ward Number 3	5,332
Ward Number 4	3,730
Ward Number 5	4,979
Ward Number 6	5,780
Total	41,306

NO TRACE OF TANKER EXPLODED OFF SHORE

ATLANTIC CITY, N. J.—Coast guards Thursday found no trace of an unidentified oil tanker, which authorities believe blew up and sunk 12 miles off the New Jersey coast. It was believed the crew may have been picked up by a passing steamer. A report was circulated that the oil tanker struck a mine which had been floating in coast waters since the Germans paid a surprise visit to this section in 1918.

DOCTOR-DISHWASHER

Dr. H. E. Campbell

BODY IS CLAIMED

Family of Doctor-Dishwasher Not Yet Located

NEW YORK.—The body of Dr. H. H. Campbell, former physician of Pittsburgh, who died here after working as a dishwasher in a hotel, was claimed Thursday by Miss F. Lulu Finley, of Pittsburgh, a cousin. She said that she had made every effort to locate the physician-dishwasher's wife and daughter, but had been unable to find traces of them. New York authorities were informed, however, that the widow was at Port Carlington, Muskoka Lakes, Ontario. She was spending the summer with her daughter and son-in-law.

DEMOCRATS CALL FOR FINANCES

Sources, Not Amount of Contributions to be Examined

WASHINGTON.—(By Associated Press.)—The Democratic party's campaign war chest is open to contributions of any amount, George White, chairman of the national committee, announced here Thursday. Party leaders, Mr. White said, "will examine the source rather than the amount of all contributions."

"Peace, progress, prosperity" will be the three-word slogan of the Democratic campaigners, Mr. White said, adding that with this slogan the party should be "Cox-sure" of victory.

The national chairman referred to Illinois, Indiana and Ohio as "the battle-ground" of the campaign but he indicated that, as the campaign plans developed, Governor Cox would carry the fight direct to the people and would visit a majority of the states.

Discussing campaign contributions Mr. White said that the restrictions which had been proposed as to the size of the gifts were so easily circumvented as to make them useless and that the national committee therefore, would content itself with a scrutiny of all contributions in order that no obligations on the candidate would be entailed by the acceptance of campaign funds.

GIRL CLEARED IN POISON CASE

Man is Held for Causing Death in Asylum

NASHVILLE, Tenn.—(By United Press.)—"Bessie Sharp, sweetheart of George Littoral, will not be arrested in connection with the poison plot to kill Mrs. Littoral," said Chief of Detectives Sidesbottom Thursday, after returning from Casey's Bend, the "little up-country settlement" where romance between the man and the girl started.

Littoral went thru a sleepless night, pacing the floor of his cell, following his confession of mailing candy doctored with strychnine to his wife, an inmate at central hospital for the insane at Nashville which resulted in the death of another inmate, Mrs. Lizzie Brooks. The crime was attempted so that he might be free to marry his sweetheart, he confessed, police announced.

Detectives assert that upon questioning Miss Sharp rendered them every assistance and they were convinced she had nothing to do with the crime. Littoral was to be arraigned before a magistrate Thursday.

CAPTAIN MONFORT DIES
CINCINNATI.—Captain Elias R. Monfort, aged 78, former postmaster of Cincinnati, and formerly national commander of the G. A. R., died at the home of his daughter, Mrs. A. B. Burtis, Oak Corners, New York, where he had been visiting since last May. His death was sudden.

SALE OF FOOD TO BE HELD SOON

Government Will Aim Blow at High Cost of Living

POSTOFFICE WILL ASSIST

Meats Packed Under U. S. Supervision Are Offered

Another extensive sale of canned meats a surplus from supplies bought for the U. S. army, is to be conducted within the near future, according to notices sent Mayor F. A. Burkhardt. Uncle Sam is going to hold it as a blow to the high cost of living, it is announced at Washington.

The goods will be sold at a figure below pre-war prices. Sixty thousand postmasters, 5,000 bankers and mayors and retailers everywhere are being enlisted in the sale.

Postmaster J. E. Sullivan stated Thursday, that the local office had received no official notice of the sale, but it would in common with other postoffices take over their share of the sale provided they receive instructions to that effect from the postmaster general.

The meats to be sold in this sale were packed under the supervision of government inspectors, and the war department will stand back of every can. The sale will consist of millions of dollars worth of canned corn beef hash, corned beef, roast beef and bacon. The meat is now in storage in various parts of the country within reasonable haul of every community.

HUSH SALE FAILURE

Mayor Burkhardt stated Thursday that the sale of army surplus goods here last fall similar to that which is now to be conducted, was not as large a success in Lima as in many other cities. Hundreds of cans of goods were left unsold at the local market house, and a carload had to be returned to the dispensaries in January. The sale of corned beef hash moved the fastest of any, as did also canned vegetables which were likewise on sale.

Ex-mayor Bailies Simpson who was in office when the other sale was conducted here, shared the project. Mayor Burkhardt stated that in his opinion there was no demand for the goods in Lima at the other sale altho the prices were considerably reduced. The project was a loss financially to those who had the goods expressed here.

HIDES 3 YEARS TO EVADE DRAFT

Oregon Man Finally Driven From Mountains by Loneliness

PORTLAND, Ore.—(By Associated Press.)—Three years of wandering in the mountains of southern Oregon in efforts to escape a charge of evading the selective draft, were ended Thursday with Alfred Fattig's 27-year-old farmer, in jail here.

He surrendered, he said, because of loneliness which became unbearable. During his wanderings he told county authorities he lived chiefly on the meat of wild animals and berries.

Fattig and his brother, Charles, fled to the mountains in 1917, because of conscientious scruples against war, he declared. They took clothing, salt, matches, weapons, ammunition and a prospector's pan. "We pretended to be prospectors when we occasionally met miners or other people in the mountains," Fattig told authorities. "Once I returned home in February 1918. I saw my mother and then returned to the mountains. About Christmas of 1918 we heard, from an old miner, that the war was over. Last fall my brother said he had had enough and was going home to work. I decided to remain in the mountains alone. Finally I got so I simply couldn't stand it any longer. I wanted to be with people. I came out and surrendered."

Charles Fattig had not been apprehended.

U. S. MAY JOIN IN RUSS DEAL

Question of Participating Up to President Wilson Alone

WASHINGTON.—(By United Press.)—Whether the United States is to have any part in peace negotiations are held between the allies and Russia; is a question for determination by President Wilson alone, officials here said Thursday.

No one would pretend to speak for the president, but it was strongly indicated that he may take some action if a conference is held. Officials regard it as inconceivable that the United States who has always been friendly to the Russian people, should not be invited to take part in such a conference.

New Dispute Arises as Washington Protests to Tokio Against Occupation of the Island of Saghalin—Immigration Row Also Revived

Situation Becomes More Acute as American Probers Report on New Corners Breaking California Anti-Alien Law—Taking Over Communities

TOKIO.—(By Associated Press.)—The Japanese government has received a communication from the United States pointing out, among other things, that America is unable to recognize Japan's occupation of the northern half of the island of Saghalin. The Nichi Nichi says of the occupations, however, that the impression exists here that the communication is not really a protest but rather an exposition of the American viewpoint on occupations of Russian territory with something of America's attitude toward the territory to be occupied.

It is apparently felt here that any publication of the details of the note should emanate from Washington and not Tokio. Meanwhile it is considered likely that Japan, after mature deliberations, will forward an answer to Washington in an attempt to clarify official opinion there and remove any misunderstanding of Japan's position.

JAPANESE BECOME NERVOUS OVER THE MUDDLED SITUATION

Appearances here indicate that Japan is passing thru another "nervous crisis" concerning her relations with the United States.

Numerous interpellations have been made in the diet about the American attitude, and while the important newspapers are counseling their readers to keep cool, it is apparent that a certain amount of apprehension exists concerning the result of the congressional inquiry in California. The Japanese, however, seem convinced that it is being conducted with the utmost fairness and attention is being called to statements that a number of Americans have come forward spontaneously to testify in favor of the Japanese.

Among the incidents which have tended to fan anti-American feeling was the publication here of the reports that the burning of Japanese stores in Marysville, Calif., was possibly the act of anti-Japanese elements. Articles also have been printed declaring that Americans were engaged in attempts to steal Japanese maps, and these have resulted in increased surveillance of American tourists.

IMMIGRATION ROW REVIVED

LOUISVILLE, Ky.—(By Associated Press.)—Congressman Swope, of Kentucky, who was chairman of the house sub-committee, which recently completed an investigation of Japanese immigration to Pacific coast states, declared in a statement issued here Thursday that this country has "reached a point where we should not permit any unassimilable race to fill up our Pacific states or any other states." He said the "privilege of entry of any and all immigrants should be predicated upon their ability and desire to become real, loyal, patriotic Americans."

The sub-committee will report to the house committee when congress assemblies in December. Mr. Swope declined to say what recommendations will be made.

"It is rather difficult for the people of the east and the south to fully appreciate the Japanese immigration question and its effect upon the Pacific coast," said Mr. Swope. "When we realize that about 100,000 of the approximately 150,000 Japanese in this country live in California, we can readily see the Californians view with great alarm a continued Japanese immigration. Washington, Oregon and California in particular seem to represent an earthly paradise to the Japanese because of their favorable climate and fertile soil. As a result, about four-fifths of the total Japanese population in the United States live in these three states."

GENTLEMEN'S AGREEMENT BROKEN BY THOUSANDS OF IMMIGRANTS

"The Californians allege," Mr. Swope said, "that the 'gentlemen's agreement' is being violated and that thousands of Japanese immigrants are entering this country surreptitiously every year by way of the Mexican border. And in support of that statement they offer the fact that the Japanese population in California has doubled since 1913."

"It must be said the Jap is thrifty and as soon as he saves something from his earnings he goes into business for himself, usually farming. As a result, they are acquiring great tracts of land in California and taking over whole communities. As the Japanese would come in many whites would move out, because, as they stated, they did not like the new environment and could not compete with the Japanese owing to their different standard of living."

JAPS EVADE LAW

"These facts led to the passage by California legislature in 1913, of the anti-alien land law, which made it illegal for those who are not eligible for naturalization to own land, or to lease it for more than three years, but the Japanese have evaded that law to such an extent that it practically serves no purpose at all. For instance, a Japanese who is precluded by that law from owning land, buys the land in the name of his infant native-born child, and becomes the guardian of such child. The Japanese also form corporations with white 'dummy' directors and acquire land in enormous acreages."

RACIAL PROBLEM

"The Californians assert that the Japanese offer a racial problem in that they can not be assimilated. It is very rare that a Japanese man marries a white woman, or vice versa. Both races seem to discountenance inter-marriage. They love their mother country. They love the Japanese traditions and the Japanese language, and for this reason it is difficult to Americanize them."

CRUSH THE REBS, HUERTA'S AIM

Mexican Chief Fights New Uprising as Villa Quits

MEXICO CITY.—(By United Press.)—Mexican federal forces apparently are preparing to attack Lower California, both by land and sea, in an effort to wrest control of the peninsula from Governor Esteban Cantu.

Following Francisco Villa's agreement to surrender, the De la Huerta government feels it has only to extend its undisputed sway to Lower California to have all of Mexico under central control. The Japanese are the first time since the downfall of Diaz.

\$800,000 FOR NEW POSTOFFICE

That Amount Declared Necessary For Federal Building

AD CLUB'S INVESTIGATION

Text of Resolution Forwarded to Officials at Washington

Eight hundred thousand dollars will be necessary for the construction of an adequate post office building in Lima, according to a resolution adopted and telegraphed to Congressmen Benjamin F. Welby and the heads of the postal and treasury departments at a meeting of the Lima Advertisers' club, held at the Hotel Norval Wednesday evening. This resolution was adopted following a thorough investigation of the post office situation by a special committee composed of Mayor F. A. Burkhardt, E. H. Keeler, Don D. John, R. E. Ashley and E. H. Gordon.

The Lima Advertisers' club in pursuance of its mission to function in the city and county, after duly considering an exhaustive report of a special committee appointed to investigate the need of an adequate federal building for the city of Lima, does hereby most earnestly appeal to you to demand for Lima a building not only adequate for relief of the present acute congestion but to permanently anticipate the growing needs of the city and the community served.

We find that the present congestion allows only about twenty (20) square feet to each postal employee. We find wasted energy and utter inefficiency resultant from cramped operation in basement and corners not properly accessible.

We find necessitated crowding that is injurious to health as well as a disagreeable and uncomfortable to the employees.

We find that there is no space in the present location for necessary expansion.

We find that the present property is of great commercial value and would realize about \$250,000 if offered for sale.

We find that the postal receipts have increased over one hundred (100) per cent from the time of the construction of the present building in 1911, as it now stands up to last year, the receipts in 1920 were \$1,135,351.13 in 1919 amounting to \$1,171,035.11.

We find that Lima's bank clearings have increased in greater proportion during the same period.

We find that Lima's population has increased thirty (30) per cent during the past ten years and the prospects of future increase at a great rate is assured by expanding industries as well as new ones.

We find that the present building has been repeatedly condemned the present plant as inadequate and inefficient.

We find that the present building is a fire trap and a health hazard. We find that the present building is a fire trap and a health hazard.

We find that the present building is a fire trap and a health hazard. We find that the present building is a fire trap and a health hazard.

We find that the present building is a fire trap and a health hazard. We find that the present building is a fire trap and a health hazard.

We find that the present building is a fire trap and a health hazard. We find that the present building is a fire trap and a health hazard.

We find that the present building is a fire trap and a health hazard. We find that the present building is a fire trap and a health hazard.

LIMA DISTRICT NEWS IN BRIEF

Kenton.—Miss Gertrude Sutter, Pandora, is employed by Public Health Association as public health nurse.

Kenton.—Dead: Thomas Johnson, Sr., 84, ex-slave.

Kenton.—Offices of National Collecting & Rating Co. burglarized. Money in safe untouched. Letters and books torn up and littered on floor.

Kenton.—Dr. Geo. Burton, Dayton, will speak at Hardin county chautauqua, August 8, on "The New Americanism."

Kenton.—Five hundred families will live in tents at Bell's Grove, near here, all next week while chautauqua program is in session. It is their annual summer outing.

Kenton.—Albert C. Kaiser attends semi-annual convention of Ohio bakers in Columbus this week.

Kenton.—Kenton Post of American Legion votes to send three delegates and three alternates to Ohio convention of the Legion in Youngstown, August 22-24.

Kenton.—Wed. Miss Mary Cummings, Rayfield, and Wallace Campbell, Kenton, Miss Leta Sanders and Lester C. Eberhart, both of Kenton; Miss Edith Houser, Kenton and Chester Splinger, Columbus.

Kenton.—J. C. Miller, veteran shoe merchant, celebrated his ninety-third birthday anniversary, visited by Mr. Miller is the oldest active member of commerce in the United States, it is believed here. He belongs to the Kenton Chamber of Commerce.

ADA.—In an effort to regain his health, Mr. L. Snyder, editor of The Ada Herald and veteran newspaperman, underwent his third operation in a Kenton hospital recently.

ADA.—This town is to take a three week vacation starting August 14 and continuing until September 10. The summer term at Ohio Northern University closes in two weeks and there is little business until the opening of the fall work.

ADA.—The winning streak of the Ada Buckeyes was broken when the St. Marys baseball team walloped them 22-1 Tuesday.

ADA.—With some of the country's best talent on the program the annual Ada Chautauqua will open Saturday, August 31, continuing until August 5. A tent will be pitched on the campus at Ohio Northern University. Ralph Livingston is to be the manager.

VAN WERT.—George N. Marsh, Van Wert's right city editor, is advocating licensing all automobile operators published in the Voice of the People's column of the Chicago Tribune. Mr. Marsh lives on an ideal road on the edge of town and has ample opportunity to watch motorists.

VAN WERT.—Mrs. Eldon Pollock and Mrs. Frank Hanes will represent the Van Wert Y. W. C. A. at the conference at Lake Geneva Wis. from August 24 to Sept. 3.

VAN WERT.—A meeting of the citizens of Van Wert has been called by the school board for Friday at the City Hall. The proposed tax levy of 3 mills will be discussed and explained after an explanatory address by D. J. Cussett, president of the board.

VAN WERT.—Samuel Osborn, an escaped inmate of the State Hospital at Warren Pa., has been returned to that institution after being found wandering on Van Wert streets. Osborn suffers from shell shock.

WAPAKONETA.—Tax returns received by County Auditor Flinchbaugh there are 10,056 horses in Auglaize-co; cattle, 19,921; sheep, 8,985; hogs, 40,704; mules, 248; poultry, 259,345.

WAPAKONETA.—County Superintendent Drummmond is making drive to obtain big enrollment of pupils in Auglaize-co normal school next term. Six have already enrolled, he says.

WAPAKONETA.—Dealers here are "up in the air" over the sugar situation. Prices range from 26 1/2 to 32c per pound.

WAPAKONETA.—Twin boys were born to Mr. and Mrs. John Suttner here.

WAPAKONETA.—The grain market took a big tumble here. Wheat dropped from \$2.60 to \$2.45, corn from \$2.10 to \$2.05, oats from 70c to 65c, and rice from \$1.75 to \$1.63.

WAPAKONETA.—Agent N. L. Andrew has announced that the \$10 membership drive the Auglaize-co farm bureau will put on will begin next November 15. Present membership fee is \$1.

WHEAT IS HALF CROP IN PUTNAM-CO, CALIF

OTTAWA.—Wheat threshing is practically over. The crop yield is about 10 to 13 bushels per acre, less than 1/2 crop. It is taken to an elevator, where \$2.50 per bu. is paid.

Farmers are becoming interested in the growth of sweet clover, as a hay plant, soil improver and for pasture. It has a large seed yield.

Oats cutting will commence next week. Corn is beginning to ear. Prospects for crop, good. The chinch bugs have caused some damage.

Holstein cattle Association held a picnic near Pandora, organizing a Boys and Girls Calf contest for the purpose of stimulating interest in the breed. A drive of 11 was organized at the picnic. Solicitors will canvass the county to get more members. The farmers in Putnam-Co are getting along satisfactorily with a co-operative live stock shipping association. Other counties, seeing the success here, are forming associations, calling on Putnam-Co Farm Agent, Windau, to assist in perfecting the organization.

The fruit crop is good-poultry, fine. There will be a series of poultry demonstrations throughout the county. At the next meeting of the Farm Bureau, it is hoped to devise some means to prevent serious loss from the Hessian Fly. Early potatoes are a poor crop.

APPLICATION FOR HEARING Application for an Inquest into the sanity of Mrs. Jessie R. Schurr, 241 W. Kibby-st., by her husband, C. A. Schurr, was filed in probate court Thursday.

HIGHER PRICES OF GAS PROBABLE

Mixture of Artificial and Natural Product Proposed

50 CENT SERVICE CHARGE

Estimated Pipe Line Repairs Would Cost \$60,000

A new franchise for a period of two years, providing for a rate of \$1.65 per thousand for a mixture of natural and artificial gas, and a 50 cent service charge was asked by President Emmet R. Curtin of the Lima natural gas company appearing before the city council Wednesday night.

The present rate is 50 cents per thousand for the artificial product. A service charge for cents was formerly charged by the company, but was discontinued following a ruling of the Ohio supreme court several months ago, that it could not be legally collected.

A MIXED PRODUCT This is the franchise the company is asking now is based on 70 percent of the gas used being artificial and 30 percent natural, Curtin said, and in the event that natural gas can be obtained for more than 30 percent of the requirements of the city the cost would be reduced accordingly.

Curtin declared that a contract recently consummated with the Medina gas company for natural gas was made with the knowledge of the Ohio public utilities commission and is so worded that it will automatically become void unless a satisfactory contract is made with the Lima company. In this event, he continued, the present ordinance will remain in force and as a result gas mains leading into Lima cannot be repaired and the shortage of gas next winter will be more acute than ever before.

He said if a rate is obtained from the council whereby the contract can be held with the Medina company, he can guarantee a uniform pressure of two ounces during the entire winter. As it is at present he said the pressure varies from one to two ounces, a quarter of an ounce in cold weather when it is needed most.

The natural gas will be mixed with the artificial product at the Lima plant, according to Curtin and will be distributed to consumers thru the existing mains now used for natural gas. The artificial lines will be abandoned he said.

Curtin told the council that 85 percent of the people of Lima have no other means of cooking than gas, according to a survey made by the company in June. On Market-st., he said, only two families had other means of cooking, and on High-st. only four could cook if the gas was turned off.

The new contract with the Medina company is 40 cents per thousand while the old contract only allows the Medina company to charge one thousand and they are required to stand all waste. Under the new contract the Lima company must stand all the waste, which Curtin declared would bring the price of natural gas to 50 cents for the company.

It is estimated by the Lima company \$60,000 will be required to repair gas mains which will bring the gas from the Medina field here. Of this amount, according to the recently consummated contract the Medina company will pay \$40,000, the remainder to be paid by the local company. Work has already been commenced, Curtin said, but unless council takes favorable action on the new scale of rates this work will be stopped at once as there will be no funds in sight for continuing the work.

The result of failure of council to grant the company a franchise such as they ask for will result in a request for a \$1.65 rate for artificial gas which would be readily granted, Curtin told the council. This, he pointed out would leave the gas supply situation unsatisfactory, even though a rate as high as the company is now asking would be paid.

Attorneys H. O. Bentley and Francis Durbin attended the meeting. Bentley told the council he was not bluffing when he said the company would literally a case of "take it or leave it alone." "The company must have relief or they cannot stay here," he said the gas company expected to lose one-third of their 10,000 consumers when the proposed new scale went into effect.

The question was referred to the council as a committee of the whole for investigation.

BEARD FUNERAL THURSDAY Funeral services for John H. Beard, who died suddenly at the Lima Locomotive works, where he was employed, Tuesday, were held Thursday at 3 o'clock at the Williams and Davis mortuary. Interment was in St. Matthews Lutheran cemetery, Shawnee-pt.

LIMA TROOPER TO GO ON POLICE FORCE

Albert Urfer, 422 N. Collet-st., was appointed on the Lima police force Wednesday by Safety Director Fred H. Fisher, effective August 1.

Urfer is one of three who took the last civil service examination and the records of the civil service commission show he passed with a grade of 77 1/2. He is now a supply sergeant in Troop E, the local cavalry unit of the Ohio national guard and has been on duty for several months at the Lima driving park where the mounts of the organization are kept.

The newly appointed patrolman has had twelve years experience in the regular army, Chief Roush said Thursday.

OLD OIL LEASES ARE RECORDED

More Activity in Lima Field Shown By Records

Four old oil leases, secured in 1901 and 1902, were recorded in the office of Guy Custer, county recorder, Thursday. They concern privilege to put down oil wells in Marion Co.

"Failures to have had the leases recorded previously and the fact every acre of available ground is now being taken up for oil drilling, caused the men who hold the leases to hurry and have them recorded," Custer said. "There might be a question as to whether the land could not be re-released and that was necessarily placing the leases on record," he stated.

The four were given to Haver Bros., 561 W. Market-st. and include 239 acres of land. W. C. Scott, Scott's Crossing, leased 39 acres on November 13, 1901. David A. Evers leased 40 acres on July 23, 1902. Sampson Stemen leased 60 acres on September, 1902 and William Barst and wife, 80 acres on November 13, 1901.

Other oil leases which will be tested for oil and gas include the following, records Thursday; and taken up by Bowersock and Childs, who have already leased thousands of acres in Allen-co.

W. R. Guthrie, 84 acres, Jackson-co; Mary J. Schaffer and W. R. Grant, 80 acres, Jackson-co; Sarah and Jacob Grant, 80 acres, Jackson-co; Robert Grant and wife, tract of land, Jackson-co; E. Badertscher and wife, 120 acres, Jackson-co; Bert and John W. Fleming, 90 acres in Jackson-co; Jacob and Olive Yeakam, 30 acres, Jackson-co; Jane E. and George W. Wirt, 70 acres, Jackson-co.

For acres taken up by M. J. Colt, Lima, from George Almendro, Spence-co, was also placed on record.

GAS RATE PARLEY UP; CAR FARE BOOST PENDING Vice President J. Harvey McClure of the Ohio Electric attended the Wednesday evening meeting of the city council, but the time taken up in hearing the officials of the Lima gas company made it impossible to go into the question of an increase in street car fares. The meeting was adjourned until Friday night at 7 o'clock when McClure will present the company's proposition for an increase in city fares.

SPEEDER FROM WAPAKONETA Burden, 28, laborer, Wapakoneta, was fined \$10 by Judge Emmett Jackson in criminal court Thursday after pleading guilty to speeding more than 25 miles per hour on S. Metcalf-st.

CAR SHORTAGE IS STILL ACUTE

Shipping Conditions Still Serious, Officials Say

Conditions in regard to the shipping situation in the East are still serious, according to Pennsylvania railroad officials. Cars are still hard to obtain, the Pennsylvania reporting the greatest difficulty in this at the present time.

Freight Agent Crooks stated Thursday that they had received notice the early part of the week, to the effect that no freight will be accepted eastbound thru the Pittsburgh, Allegheny, Oil City, Buffalo and Erie gateways, because of the accumulations in the east.

Exceptions are made in this order to certain classes of freight; namely, livestock, and foodstuffs for human consumption. But no grain, newsprint paper, tinplate, tin cans, railroad supplies and materials necessary for the maintenance and up-keep of coal mines can be shipped east of those points.

COMMITTEE NAMED ON COUNTY AID STREETS A committee consisting of Councilmen Jones, Reed and Ellice was appointed by President W. J. Dempster of the city council Wednesday night to act with the mayor and service director to secure aid from the county commissioners in improvement of county streets inside the corporate limits of the city of Lima.

A report of the street and paving committee stated the commissioners levy a tax of 7-10 of a mill for this purpose.

MRS. MARY RINKARD 86, CALLED BY DEATH Mrs. Mary Rinkard, 86, died at the home of her son, J. E. Rinkard, 740 Woodcock-st., Wednesday night after an illness of two months from a complication of diseases. She was born in Hagersstown, Pa.

Besides the son at whose home she died, she leaves John H. Smith, Dola, Ohio, and Carl Smith, Lima, both sons.

Funeral services will be held Friday at 1:30 o'clock at the son's residence. Rev. O. P. Hoffman will officiate and the body will be taken to Dunkirk for burial.

MAN IS ARRESTED FOR AMPUTATING ANOTHER'S NOSE WITH MILK BOTTLE CAMDEN, N. J.—Arthur Waffles, was held under \$500 bail Thursday, charged with illegally amputating Arthur Johnson's nose with a broken milk bottle. The act, Johnson claimed, was done without his consent, and was part of an argument he had with Waffles. When the evidence in the shape of a nose reposing in the neck of a milk bottle was produced in police court, Johnson positively identified it as his own. The judge ruled the evidence be sent to criminal court and ordered the prisoner to follow it.

Killing Prominent Citizens, This Man's Mania

Killing prominent citizens of the cities he visits, who according to his illusion have wronged him, is said to be the special mania of David A. Landrigan, 31, of Lorain, Ohio, who is thought to be wandering in this part of the state. He escaped from the state hospital at Missillon, June 27, according to a report received Wednesday by the home service section of the American Red Cross, in the business college building.

Landrigan was in the U. S. army at Camp Sherman from June 25, 1918 to January 15, 1919, his record shows. He weighs 150 pounds, has dark brown hair and eyes and is 5-1 1/2 feet tall.

MARRIAGE LICENSES Albert Eberick, 22, laborer, and Anna B. Claybaugh, 22, domestic, both of Lima.

Frank Ruler, 27, truck driver, 137 W. Elm-st., and Helen M. Bressler, 18, telephone operator, 310 W. High-st. James A. Norris, 41, laborer, negro, 623 W. Spring-st., and Artie M. Washington, 49, colored, domestic, 212 Washington-av.

Raymond A. Will, 22, dairyman, Toledo, and Mary Elizabeth Gratz, 22, school teacher, Bluffton. Daniel Froney, 59, retired farmer, and Selma W. Miller, 45, both of Delphos.

Sheriff Sale The Real estate at the southeast corner of Main and Spring streets, Lima, will be sold by the Sheriff, thru a partition suit, from the east door of the Court House between the hours of 10 and 11 a. m. Saturday, July 31, 1920. This property consists of a lot 50 feet on Main and 200 ft. on Spring and a 3-story modern brick building covering the entire lot, consisting of nine business rooms on first floor and apartments above. Appraised value \$105,000.00. Terms of sale: 1-3 cash, 1-3 one year, 1-3 two years.

For full details see L. C. Townsend, 751 W. Spring, Lima, or phone Lake 3480.

STATE SENATOR We are authorized to announce that THOMAS M. BERRY, of Spencerville, is a candidate for State Senator for the 32nd Senatorial District. Subject to the Democratic Primary, August 10, 1920. "Never swap horses in the middle of the stream."

C. C. ARNOLD Jackson Township Candidate for County Commissioner Democratic Primary Election, Aug. 10, 1920

THE CAUSE

We hear much these days about money being close and building operations retarded through difficulty in borrowing money.

To a large extent, July of this year is like July of other years in the matter of loans upon real estate, because at this time interest is paid upon millions of dollars deposited in Lima financial institutions which must take precedence over the making of new loans.

The point of difference is that now, more than ever in Lima's history, many persons are tempted by glittering promises of stocks and "securities" warranted to bring wonderful returns. No doubt, some of these purchases are good, but many more will prove disappointing.

Your largest financial interest is in the prosperity of the community in which you live. Prosperous business at home will pay you the largest dividends.

Keep your money in Lima financial institutions. They will pay you a good rate of interest and you will know the principal is safe; you will then have a part in building up the city, your money being used to assist home owners and home industries.

The Allen County Savings and Loan Company in the Savings Building, Corner Market and Elizabeth Streets, pays five per cent interest on deposits and invites you to open an account.

PICKPOCKETS AT CHURCH, HELD

Attempt to Rob Worshippers Attending Services

NEW YORK—Vincent Tighera, twenty-eight years old, a piano tuner, and Tony De Luca, twenty-three, were arrested in the vestibule of the Church of St. Jean Baptiste on a charge of attempting grand larceny. Detectives who arrested the men said they were attempting to pick pockets of cripples and infirm worshippers who went to the church to touch the relic of St. Anne, which is the center of a novena there, believing the relic of St. Anne possesses the power to cure bodily ills.

De Luca was caught by a number

of women, who held him until he was placed under arrest. The detectives said that they were seated outside the church in an automobile when a man approached and asked what time the crowd would leave the church. When the detectives told him that the church would be emptied in a few minutes they said he signalled to three other men, who crossed the street, and that all four took up positions in the vestibule.

As the worshippers left the detectives said the four men jostled the people and one of them tried to pick the pocket of an aged man. When the detectives approached two of the men ran and escaped.

What Does it Do? What Do You Think it Does?

When you take a tooth brush and put some paste on it and start to rub your teeth, what do you expect that tooth paste to do?

Most any of them will clean your teeth.

Ordinary soap will do that.

You want something else.

You want something that will prevent decay. A tube of Pebecco Tooth Paste will do it for you. Pebecco Tooth Paste checks "Acid-Mouth," and "Acid-Mouth" can cause tooth decay. When you use Pebecco Tooth Paste you know what you are doing, and why.

WHICH is the best HEMPEL?

Frieda Hempel is the greatest lyric soprano in the world.

No two phonographs reproduce Miss Hempel's voice alike.

You know this—by experience.

That means—some one phonograph gives you her sublime voice better than any other. That's the phonograph you want in your home.

If you were trying out four living substitutes for Miss Hempel—you would bring them together in a singing competition. Why not do the same with the four "Miss Hempels" presented by the four phonographs?

For the first time, you can actually ask to hear the Edison Turn-Table Comparison.

(Give only on request)

The Edison Turn-Table Comparison is conducted apart from the sales end of our business. It is a service for all music lovers, whether they come to buy, or not. Come in whenever you have 10 minutes to spare, but kindly ask for the Edison Turn-Table Comparison, since it is given only upon definite request.

make such a comparison—and make it in a thoroughly scientific way. Our Edison Turn-Table Comparison helps you. It has all the leading makes reproduce Miss Hempel's voice in competition with one another. Plays them in the same room, from the same position. So clean-cut, so illuminating, is the comparison that you can tell at once which phonograph gives you Hempel's voice the way you like it. And this means that you will have picked the phonograph which gives all vocal and instrumental music at its best.

Remember—you can make the same test with male or female voices, instrumental selections, and renditions by orchestra and band.

HE GAVE HIS TIMID WIFE A DRINK OF HOOCH SO SHE WOULDN'T BE AFRAID TO TRY A SWIMMING LESSON

HEALTH HINTS

By William Brady, M. D.

Teeth, Tonsils and Heart—Having Some of Them Out

When I dwell on the ease with which disease germs are conveyed in the blood stream from infected teeth or gums or tonsils directly to the lining of the heart, and the insidiousness of the damaging inflammation they set up there, with the permanent valvular leakage which often, not always, follows, I do not mean to suggest that heart disease or valvular leakage thus produced is a hopeless matter or that it is always a permanent condition. A considerable number of such cases proceed to complete recovery in time, so that the heart is as competent as a heart may be.

Often the question arises, when a patient has one or more teeth known to be infected at the roots, or one or more tonsils known to be infected or diseased (not just enlarged), whether it is advisable to have them out, whether an incipient heart disease dependent on such septic focus or foci is likely to be benefited by removal of the focus or foci, or whether it is safe for the patient with established heart disease to have the tonsils removed or a number of teeth extracted.

Well, nobody knows whether the infected teeth or the infected tonsils are actually causing the heart trouble—or the joint trouble, or whatever the systemic condition may be. It is strictly a question of the physician's opinion, and not susceptible of any proof, save that of the therapeutic test. Remove the teeth or the tonsils, and see whether improvement follows; or, if you are not sport enough to do that, then keep your ill teeth and tonsils and let nature do the worst. He'll do it, the old charlatan.

Some there be crabs, cranks, anti-medical folks, misanthropists, superstitious and ignorant people, who profess to believe that one is likely to suffer some evil consequences of removal of the tonsils. The tonsils probably serve a useful purpose in helping the young child to resist respiratory infections; but once they are themselves infected, they become rather a menace and can no longer be considered useful to a child. And all yards of the old women to the contrary notwithstanding, removal of the tonsils does not in any way injure man or woman, infant or adolescent.

The loss of teeth is a different question, every tooth serves an important functional purpose and its sacrifice is to be deplored in any case. It is neither scientific nor fair to the patient for a doctor to order the extraction of all or most of the teeth. That is always necessarily an experiment, because God sometimes relieves to make known the truth concerning the infection known to exist about the condemned teeth. It should be put up to the patient in this way, and then left for the dentist and patient to decide which teeth to sacrifice and which to try to save by appropriate dental treatment.

INSPECTING PUBLIC OFFICES

THERE'S an inspector on the job in Lima, at City Hall. He's from the bureau of inspection and supervision of public offices, department of auditor of state. His name is W. E. Heck, "Will" for short to those who know him.

There are inspectors and inspectors. This one, personally known to the writer, has been engaged in inspection work for many years. In 1911, when the service was extended to embrace municipalities in the village class, it fell to the lot of Mr. Heck to make the initial examinations in various villages of the state. At that time there was considerable apprehension among municipal officials that the examiners had been appointed to get them into a peck of trouble if they should find the least little thing wrong.

This apprehension was quickly dispelled by the announcement that examiners were sent out for the purpose of keeping officials out of trouble, instead of getting them into trouble. Mr. Heck proved his worth as an inspector and has held a prominent position among the workers in this department during the succeeding years.

After two weeks of work on the books of the officials of Lima of all departments save the water works, Mr. Heck stated Saturday that he had found everything in ship-shape and that the excellent and businesslike manner in which the records of the city are maintained makes his task here an easy one.

As a consequence of the adoption of the plan of uniform municipal accounting more than a decade ago, new officials chosen from time to time find their duties easier than those elected in the past. Following prescribed forms is much more desirable than each succeeding official adopting his own system. There is less complication, better service and the general public is assured that its affairs are faithfully and honestly given attention, so long as the prescribed routine is followed. Only those who are dishonest or wilfully need fear the coming of an examiner.

THEY NEVER GET AWAY

"PERSISTENT violators of the law never get away with it; they are caught sooner or later."

This statement, made by one who has spent 23 years of his life in the investigation of crime, its cause and the running down of criminals, is positive and is borne out by the record.

It is true that many men and women too, commit a crime and succeed in escaping detection and arrest, provided they never repeat the act and permit their after lives to atone for what they have done. But just as sure, as night follows day, those who persist in a life of crime are ferreted out and made to pay for their wrongdoing sooner or later.

Those who become obsessed with the belief that they can successfully evade the law time after time in the commission of crime, finally awake to the conclusion that

it can't be done. The most clever burglar, one schooled in the minutest details of his nefarious profession, at some time, no matter how clever or careful he may be, overlooks something that attracts to him the keen scented investigator, the clever limb of the law, who pits his ability to trap the criminal against the ability of the criminal in escaping capture. Then comes the inevitable—capture.

An investigation of the record of crime and criminals discloses the fact that criminals can't get away with it. Justice never sleeps; she is a tireless worker. Thousands of men and women who believed that they were able to evade the relentless hand of the law are today doing time for their crimes, or having completed their terms, have recognized the futility of traveling the old crooked way and are going straight. Others still have the lesson to learn; they must acquire it in the school of experience. But the lesson will be just as indelibly impressed as it has been upon thousands of others before them.

After all, the age old injunction, "Honesty is the best policy," proves its right to continuance.

ANOTHER OUTLAW STRIKE

WITH the coal bins of the nation practically empty and production millions of tons behind, miners in different localities are striking without the authorization of their international officers. So far no action has been taken by the officers to get them back to work, but conferences are being held. What the strikers will be told by their chiefs and how they will receive the advice remains to be seen.

The "outlaw" strikers are spreading and may become so serious that industry will be crippled. There is not enough coal on hand for operation more than two weeks, experts declare, and if mines generally shut down the shortage will become so acute there can be no hope of overcoming it before winter. Domestic consumers will be the chief sufferers for it is they who have not had the opportunity to fill their needs for the coming winter.

Less than a year ago a general strike of miners threatened to paralyze the nation. This was averted, but time lost has not been made up and the present crisis promises to be as bad as that last fall. Something must be done to prevent freezing and starvation which will follow if industry is forced to close down at a time when every minute should be used to build up production. The present strikes are not sanctioned as yet by the officials high up in the miners' unions nor should they be. They are in violation of contracts and a direct blow at the nation's welfare. It is to be hoped that the crisis may be passed without federal interference, but if this becomes necessary the government must protect the public.

MISS LIMA: "The doctor's order to 'shake well before taking' is easy for Los Angeles folks to carry out."

AS YOU LIKE IT

By OUR OWN EFFICIENCY EXPERT

How much do we waste? This is a startling question, yet how full of possibilities?

Neckties, for instance. Or cravats, as it were. Do you realize that 50 per cent of a necktie is never used, in fact is never seen. It is concealed under the vest. Only a small knot is visible, and when this wears out the remainder is left as bright and as good as new. But do we use it? No, we do not. Waste!

The tops of socks. What becomes of them after the bottoms are worn out? Have you ever stopped to ask yourself this question? Probably not, yet there is it. The tops of socks thrown away by the men of this country in one year would make mittens for the entire Bolshevik army. Yet, do they? Not if we know it.

Lead pencil whittlings, if saved and gathered could be transformed into breakfast food which would sustain, nobody knows how many

ABE MARTIN

What's become of the old haunted house that nobody would rent? "There's nothing left to strive for any more but a still better car," signed Ted Blankley, today, in deploring the plainness of money

people who would never know the difference.

Celluloid collars. Few men wear them more than two years before throwing them away. The celluloid they contain (in the aggregate) would make twenty-five serial films of sixty-seven episodes each, and everybody knows we need more serial films. Think it over and save your discarded collars.

Wind. It is a well-known scientific fact that there is a great propulsive power in the wind. Every man who has ever operated a windmill can prove this assertion. All the wind in the country would operate many street car lines and factories, yet how prodigal we are with it. Do you realize what could be done with all the wind that is annually wasted by being blown thru musical instruments? The waste by amateurs and beginners and those taking lessons in beyond comprehension all ways a waste, but frequently, even in this case, more is used than is necessary. The amount that is wasted by orators during a presidential year like this staggers the imagination.

Eighty million one-cent pieces are coined annually, and most of them are swallowed by babies.

WHAT THE STARS PREDICT

The morning hours of this day should be lucky.

Affairs which concern women have a favorable augury and it is predicted that many will meet with success in political enterprises.

New friendships made under this rule should be exceptionally lucky.

Warning is given against the prevalence of flirtation; love affairs will be menaced by insincerity and deceit.

All financial enterprise connected with South Africa has an especially good augury under this sign.

Persons whose birthday this is should devote all their time to business this year.

Children born today will be ambitious and industrious. (Copyright 1920)

A BRIDGE OF WIVES

"Between I and I continual fighting took place between the Azerbaijan forces and Georgians, who barred the Tartar advance by destroying the bridges."—St. Louis Globe-Democrat.

The Topka Pink Rag says you don't need to look for the wedding ring nowadays. You can tell the married women by the clothes they wear.

YOUR NAME

By PHILIP FRANCIS NOWLAN VARIATIONS—Fortescue, RACIAL ORIGINS—German, also Norman-French.

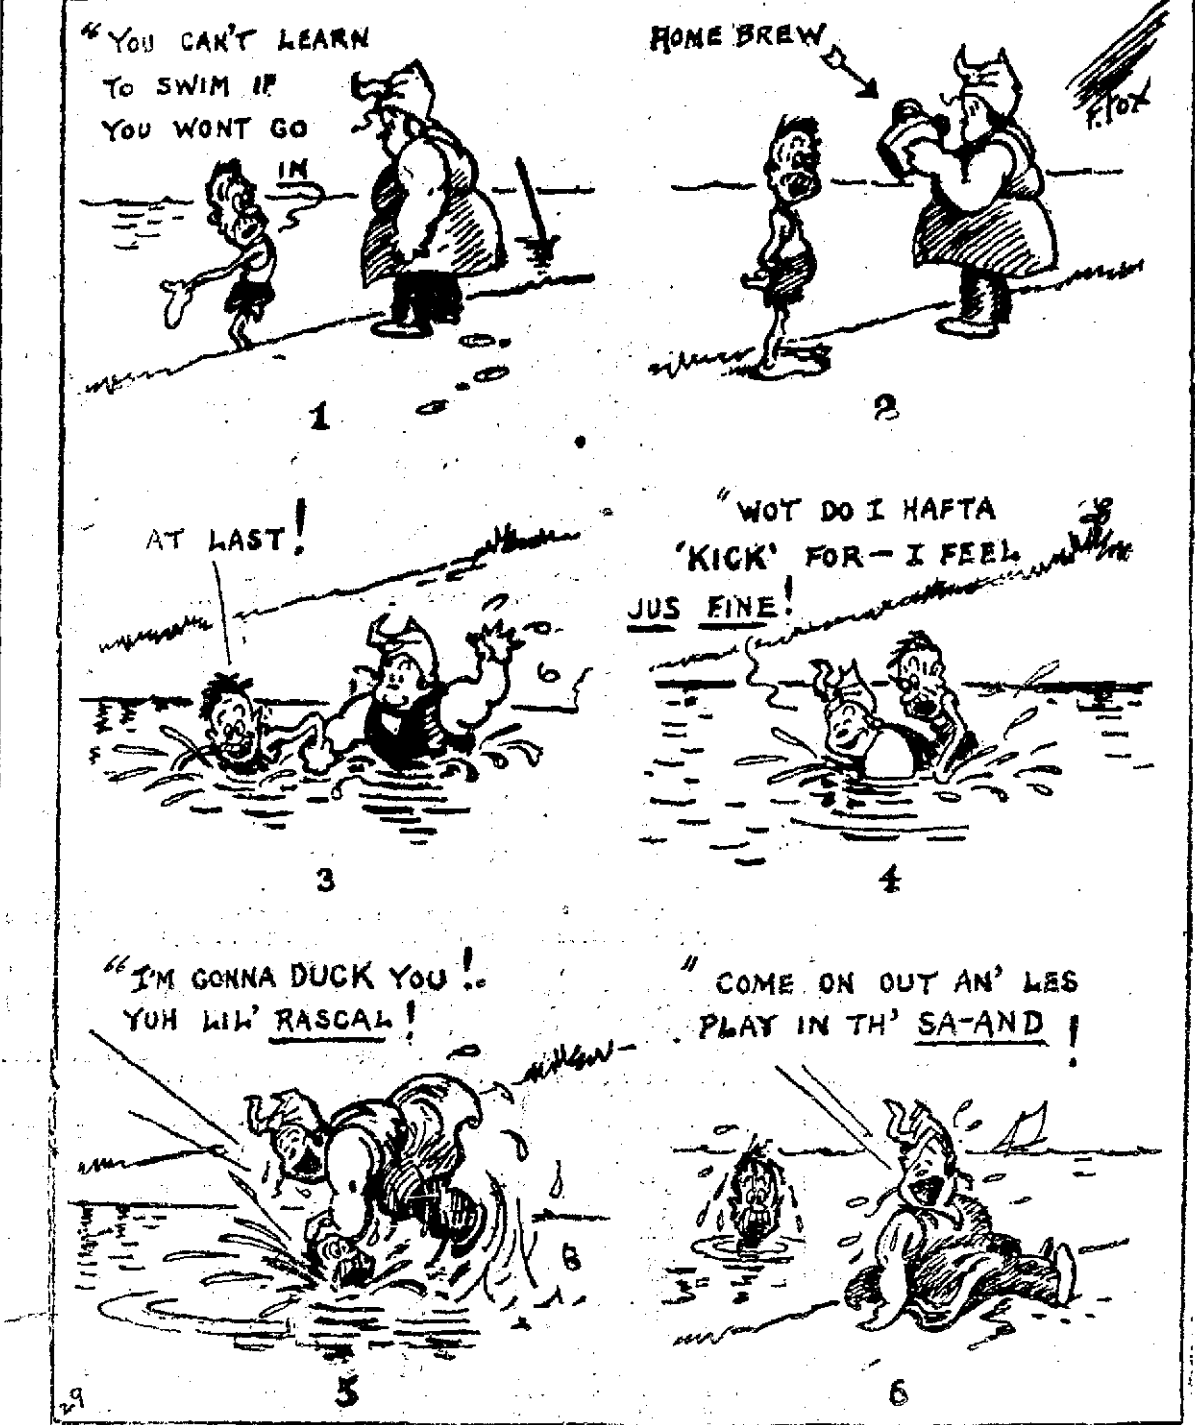

SOURCES—Nicholas. It is probably stretching the point to list the names of Rothschild and Fortescue as variations. Yet it is permissible if you regard the names as types rather than individual surnames. Rothschild and Fortescue are not the same name. They do not come from the same source. Yet they are the same kind of names.

Rothschild is German. It means "red shield." Fortescue is a Norman-French version of Latin "de Fortescuto" or "strong shield." In the same classification belong such surnames as "Brownshield" and "Strongbow." It was the first Norman Earl Strongbow who made the first serious inroads of his race in the conquest of Ireland.

The first Rothschild was evidently so named because he bore a red shield in battle. There are evidences of individual warriors in the Middle Ages who chose for some reason to abandon the heraldic designs to which they were entitled and go forth into battle, as it were, incognito. Nevertheless, such instances are rare enough to warrant the assumption that very few families can trace their names to such sources.

The more likely explanation is commercial one. Merchants and innkeepers of the Middle Ages were wont to place on their buildings various signs and designs by which they would be recognized by a populace which could not read. Undoubtedly many merchants in various parts of Germany came to be known as "Isaac at the Red Shield" or "Moritz of the Blue Horse" and the like. The custom was as common throughout Europe as it was in England, and as most of the Rothschilds belong to the Jewish race, which always has been a leader in the commerce of nations in which it is found, the evidence is overwhelmingly in favor of this explanation.

Tomorrow—Biddle.

JUST A GIRL

BY JANE PHELPS
ZENA'S MOTHER

I am afraid I talk sometimes sounds as if I didn't love my Mother. I did, devotedly. But I was more afraid to talk to her than to Dad. She wasn't quite so understanding.

Mother was beautiful—a tall, stately woman, divinely fair. She was always perfectly dressed, and 'perfectly poised'—I heard Mrs. Shephard tell Mrs. When that, so I cribbed it. But I must stop using that word cribbed. I have quite fallen into the habit.

Our home was always delightfully kept, yet I never saw Mother really do any work. But she knew how to manage servants. Our cook and butler had been with us from three to ten years. Everything ran as if oiled.

I noticed it more perhaps because one of the girls I liked had an 'incompetent mother,' judging by my own mother. Their home was always in an uproar, and they were continually changing servants. Really, it was unpleasant at times. I used to wonder how Mr. Gregg and Natalie—my friend—stood it. But they were an awfully good-natured family, and sometimes I had, the jolliest kind of a time at their house.

I spoke of it to mother, and she said:

"It is a part of every woman's duty to make a pleasant, attractive home for her husband and family. A man usually works hard at his office. He doesn't want to come home to noise and confusion; neither to talk of servants, or the running of the home. Before you marry I shall turn the management of the house over to you for several months. It is unfair for a woman to go to a man ignorant of her work of home-making."

"Suppose I never marry?" "Oh, but you will! Even should you elect to remain single, I would do the same thing. But perhaps wait longer."

"I think I would like it, Mother." "It isn't easy to carry the details of a big house along so there is no hitch anywhere. Especially when one entertains as much as we do. But to be a good hostess is a great accomplishment."

"You are just lovely when we have company, isn't she, Dad?" I asked. "She is always lovely." Dad replied, giving her a loving look.

"I know she is, but when we have company she just shines! I feel so proud of her sometimes I almost burst. I want to tell everybody how glad I am she is MY mother."

"There, there, you two will spoil me!" Mother interrupted. But we knew better. She loved up both just as we loved her. And I think

BIG SHIP ERA IS DOOMED

British Vessel Owner Declares Them Too Expensive

LONDON. — The big ship era is doomed. Such is the only inference to be drawn from the statement of Mr. Harold A. Sanderson, the White Star Line chairman, to a party of distinguished guests on board the Olympic, after it again had been made into a floating palace from a wartime troopship full of the horrors of war.

Mr. Sanderson made it clear that the mammoth liner of today is no longer an economical proposition. That it costs too much to build, to maintain and to run. Of the "liners" built by the White Star Line, he said, the Olympic was their one live lamb remaining, and would continue to be for a long time. The White Star Line was going to build to the extent of their money and their credit, but declared Mr. Sanderson emphatically, people would have to be satisfied with something less luxurious than the Olympic.

Mr. Sanderson let us into the secret of this decision of the White Star Line's directors. The ships that had been sunk had to be replaced. He said, and if the White Star Line had never paid one penny dividend since the war, if it had accumulated all its earnings, and had in addition added the money received for the ships that had been lost, and the insurance money, the grand total would not enable them to replace the ships and to restore the company to its old position.

This decision of the White Star Line to concentrate on smaller ships has undoubtedly been come to after discussion with the Cunard Company, and effect has already been given to its new policy. The new liner Home, now building at Belfast to run in conjunction with the Olympic in the New York-Southampton service, is of only 33,000 tons, as compared with the Olympic's 46,000. All the new Cunarders on the stocks are also of appreciably smaller tonnage than the giant Aquitania; now completing reconditioning.

LINCOLN EULOGIZED BY ENGLISH AS STATUE IS UNVEILED IN LONDON

LONDON. — The unveiling of the Saint Gaudens statue of Abraham Lincoln, in Canning Square, Wednesday, is described as great length in Thursday morning's newspapers, which devote their most conspicuous columns to the event and print pictures of the ceremonies.

Lincoln's life to pre-eminence for his political achievements and moral example are subjects of editorials in every paper, his public life being recalled with warm eulogy. It is invoked that the present conditions facing British parliament may influence public men here to emulate Lincoln's high character and that to them may be vouchsafed some of his vision and steadfastness.

FYTHIAN WILL SELECT SUPREME COMMANDER AT THURSDAY SESSION

CLEVELAND. — The selection of the supreme commander of the Knights of Pythias was scheduled to take place during Thursday's session of the National Encampment of that organization now being held in this city. The present supreme commander, Major General William H. Loomis, of Grand Rapids, Mich., is seeking re-election and state commander of Ohio, Brigadier General Thomas W. Minshall, of Cleveland, is also an aspirant for the office.

Drilling for prizes aggregating \$4,000 began Thursday and, because of the large number of teams entered, the contests are expected to continue until tomorrow.

The Ladies Aid Society of Second Baptist church, will celebrate their 25th anniversary Friday evening, July 30, at the church. A fine program will be rendered. Supper will be served at six.

WOMEN'S CLUBS HEAR HINTS ON CAMPAIGNS AND HOW TO MEET BUDGETS

ST. PAUL, Minn. — Hints on how to conduct membership campaigns and meet club budgets Wednesday were given to delegates attending the convention of the National Federation of Business and Professional Women's Clubs.

Miss Alice L. Englehardt, of Cincinnati, and Dr. Lela Taylor, of Birmingham, Alabama, outlined successful drives in their respective cities, while Mrs. Ada Hutton, of Springfield, Ohio, told the women how to anticipate and provide for meeting their club's financial obligations. Attention of delegates also was centered on an open discussion of whether there should be special laws for women. "Industrial legislation concerning women," "Should there be special laws for women," and "Existing Laws" were the topics considered.

G. O. P. LEADERS CONFERENCE. — J. R. McCarty, executive secretary of the National Republican Congressional Committee, arrived here today and conferred with Senator New regarding assignment of speakers for meetings in the congressional campaigns.

"We feel certain we will retain our present majority," he said. "We also expect to pick up a few seats in the west and middle west." Miss Ada Bush, of Kentland, Indiana, has been made executive secretary for the women of those in the national executive committee, it was announced today.

DON'T LOSE YOUR PUNCH

If you feel a growing dissatisfaction with life and ill health seems to threaten you without the symptoms of any specific disease showing, your nerves are probably undernourished because your blood is thin.

Take a moment to examine into your own case. You have lost the ability to make a quick decision and take prompt action when necessary or do you worry and hesitate in indecision and consume an undue amount of time over things that you used to do quickly? Are you prematurely old?

Don't let the arteries in your brain get hard. Don't let thin blood starve your nervous system. Proper diet for the first and a good tonic, Dr. Williams' Pink Pills, for the second are what you need.

If you have any nervous troubles write today to the Dr. Williams Medicine Co., Schenectady, N. Y., for their little book, "Diseases of the Nervous System." It gives methods of home treatment and directions regarding hygiene that everyone should have.

Your own druggist can supply you with Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 60 cents per box.

YOUR KIDNEYS!

"Don't Treat Your Kidneys Rough," Warns Dr. Carey.

Constant Flushing May Injure the Delicate Organism and Seldom Removes the Poisonous Deposits.

Now that Dr. Carey, kidney and bladder specialist, has retired from active practice, he generously warns people that even the smallest symptoms of kidney trouble should have serious attention.

Backache, for instance, puffiness under or specks floating before the eyes, heavy feet and dry skin, are also danger signals.

Thousands of people yearly because they neglect their kidneys," says Dr. Carey, "and I feel upon retiring that I should tell all who even suspect kidney or bladder trouble about my prescription, Marshroot, which, during my active practice, has cured thousands of all kinds of kidney ailments.

This prescription has been given to pharmacists generally throughout America and is dispensed by them under the name of Dr. Carey's Marshroot, a name that every sufferer from kidney trouble should remember. Hunter's Drug Stores can supply you.

LIMA MAN GETS 25-BARREL WELL IN VAN WERT-CO.

J. S. Newman, Lima oil man, has completed the first of a series of wells in Liberty-4p. Van Wert-co. on the Heppard farm. Mr. Newman has a considerable acreage under the lease and will do further drilling. The first well is doing 25 barrels per day and is considered a good producer for that territory.

DROWNS TRYING TO SAVE BOAT AS BRIDE LOOKS ON

SANDUSKY, O. — In sight of his young bride, a French girl whom he had met overseas, Jack Walker, aged 30, ex-service man, was drowned Wednesday night in Sandusky bay. Walker leaped into the bay to save his rowboat which had drifted from shore.

PLAYING THE RACES CAUSES DOWNFALL OF THEATRICAL MANAGER

NEW YORK. — Gambling on the races, according to police, caused the financial downfall of Herman H. Light, treasurer of the Astor Theatre.

Light was arrested in connection with an alleged shortage of \$25,000 in the theatre's funds. John P. Murphy, a note taker for the Hudson Trust Company, was also held on a charge of grand larceny. Police alleged that he was working with Light.

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenbur's, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenbur has been tried and tested for years, and really marvelous results have been accomplished where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenbur, who for many years suffered the tortments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbur decisively conquers the worst of all diseases, and he has instructed Hunter's Drug Store, Enterprize Drug Store to guarantee it in every instance.

SOCIETY : CLUBS : PERSONAL

BY MARGARET SIMPSON

THEY CALL THIS
FANCIFUL FROCK
A SPORT OUTFIT

Mrs. E. A. Daymon, S. Elizabeth, was hostess to the members of the Primrose club with a theatre party at the Regent Wednesday afternoon. Following the performance the members were invited to the private tea room where a delicious luncheon was served. Garden flowers, attractively arranged were placed about the room. In a clever contest planned by the hostess, Mrs. Val Canary and Mrs. Perry Roeder were successful.

Those enjoying the affair were: Mrs. S. R. Ruff, Mrs. S. P. Berry, Mrs. Laura Rasor, Mrs. Dan McGowan, Mrs. S. P. Berry, Mrs. Mary Anspach, Mrs. Val Canary, Mrs. Keyser, Mrs. Charles Wildt, Mrs. W. W. Speers, Mrs. Richardson, Mrs. J. Moore, Mrs. P. Roeder, and Mrs. Williams.

About one hundred members and friends of Mrs. Edward Ulrich's Division of the Trinity M. E. church met with Mrs. Stockton at the beautiful country home of her mother, Mrs. Baker. The day was spent socially and at 12 o'clock dinner was served on the lawn, where a long table was arranged in the shade of huge evergreens.

Guests of the division were: Mrs. Foster B. Davis, Baltimore; Mrs. Harry Rusch, New York city; Mrs. Young, Mrs. McBride, Mrs. Hensar, Mrs. Edgcomb, Beverdam, and Mrs. Charles Tharp.

Mrs. George S. Ewing (Clara Ewing) Pittsburgh, Pa., has been making a weeks visit with her parents, Mr. and Mrs. Davis East, American city. Mr. Ewing came for her Sunday and after a short visit both returned to their home on Wednesday.

Mrs. J. O. Hoyer, W. Market-st., informally entertained with a luncheon at the Shawnee Country club on Wednesday for the pleasure of Mrs. J. McBride and Mrs. Mary Cochran, New Castle, Pa., the guests of Mrs. Jesse Robinson. Garden flowers were used as the centerpiece of the table.

Covers were laid for: Mrs. McBride, Mrs. Cochran, and daughter, Miss Mary, Mrs. T. W. Blackburn, Mrs. Wyne Madison, Wm. Mrs. J. J. Wyne and the hostess.

The members of the Gleaners Class of the Central Church of Christ met at the attractive country home of Mrs. C. C. Shepherd, Ellard, Wednesday for an all day affair. At high noon forty members were seated at one long table, arranged on the lawn, where a bountiful dinner was served. Following the repast a short business session was held. The remainder of the afternoon was spent socially.

Mrs. Frank Crepe is the teacher of this class.

The Stroller club will entertain with a dance at McBeth park on Friday evening. The Rappickor's orchestra has been secured to furnish the music for the program of dancing.

Mrs. Alice Stron is the guest of Mrs. Ida Jones in Ft. Wayne, Ind.

Mrs. Jesse Smith, Jonera, who has been visiting with Mr. and Mrs. Clarence Regal, Oren-a-ve, has returned to her home.

Misses Mary and Leona (Heaton, Xenia), are the guests of Miss Doris Sutton, W. North-st.

Miss Loretta Kelsawetter, 231 W. O'Connor-ave, will leave Saturday for a week's visit with Mrs. Anthony Barone, (Marjette Mawer), Cincinnati.

Miss Mary Hopfinger, daughter of Mr. and Mrs. Hopfinger (Katherine) Honey Fort Union, is visiting her grandparents, Mrs. Cooney and family, W. North-st.

Mrs. Margaret Wainmont, W. Market-st., is spending several days as the guest of friends in Massillon and other southern cities.

Class No. 4 of the First Christian church, will meet at the home of Mrs. Walter Miller at Leipsic, Friday. Mrs. Miller was formerly a member of the class. All those desiring to attend will take the 9:30 o'clock car Friday morning at the Ohio Electric station.

Miss Louise Felsor, Bloomington, Ill., who has been the guest of her parents, Mr. and Mrs. W. J. Felsor, W. North-st., and Miss Helen Fensor, Shawnee-ave, will leave the latter part of the week for a visit with friends in Toledo and Cleveland. They will then go to Bloomington, where Miss Felsor will visit for several weeks.

Miss Mary Parmenter, W. Market-st., has issued invitations for a dancing party to be given at the Shawnee Country club Saturday evening. The affair is being given for the pleasure of her houseguest, Miss Helen Thomas, Lansford, Pa.

Mrs. J. D. E. Neely, S. Cole-st., Mrs. Shelby Mumaugh and Mrs. W. R. Mumaugh are in Toledo for several days.

Miss Helen O'Connor, W. Wayne-st., invited a few friends to her home on Wednesday evening for bridge to renew acquaintance with Miss Mary Frances Scallon, Petersburg, Va., formerly of this city. Following the evening of play the guests repaired to the dining room, where a delicious luncheon was served. A basket of old fashioned garden flowers centered the table with the nut cups of pink.

Guests included: Miss Scallon, Miss Grace Spillacy, Miss Ruth Runiger, Miss Ruth Callahan, Miss Irene O'Connor, Miss Marie Malloy, Miss Florence Mullen, Mrs. Florence Kraus, Mrs. Alfred Muehney, and Mrs. Frank Reipenhoff.

Miss Catherine Snyder entertained Tuesday evening with a 6 o'clock dinner for the pleasure of Miss Dorothy Roberts, who leaves soon for Long Beach, Cal., to spend several months. A basket of sweet peas of pastel coloring centered the table and the appointments were in pink and lavender.

Covers were laid for: Miss Catherine Wagner, Miss Lucille Buehler, Miss Phoebe Walker, Miss Emma Prosser, the honored guest and hostess.

FRIDAY

Class No. 4 of the First Christian church, Mrs. Walter Miller, nor, afternoon.

Three local unions of the W. C. T. U., First Christian church, afternoon and evening.

Philathen Class of the Central Church of Christ, Faurot Park.

Stroller club dance, McBeth Park, evening.

Shawnee Country club dinner dance, evening.

Mr. and Mrs. R. E. Glover, W. High-st., charmingly entertained a coterie of friends at their home on Wednesday evening for the pleasure of Mr. and Mrs. Frank Mason, Pontiac Mich., and Mr. and Mrs. C. Spurr, Portsmouth. Garden flowers and bowls of roses were arranged in the living room and centering the dining room table was a huge basket of pink roses. Music and cards were the diversion of the evening after which a delicious luncheon was served.

Guests included: Mr. and Mrs. Mason, Mr. and Mrs. Spurr, Mr. and Mrs. Harvey Byholtz, Mrs. Ira Guy, Mrs. Carrie Oakley, Miss Iva Steiner, F. Lambert, Lee Spurr, Victor Powell, and the host and hostess.

Mr. and Mrs. F. C. Loranger, and daughter, Miss Frances, were the guests of Rev. and Mrs. Thomas S. Collett-st, Thursday, enroute from a motor trip to Canada to the home in Dayton. They were formerly Lima residents.

The three local unions of the W. C. T. U. will hold an Institute Friday afternoon at 2 o'clock and in the evening at 7:30 o'clock at the First Christian church, corner of West and Elm-sts. The afternoon will be given to business and consideration of plans for different demands of the present time. In the evening Rev. W. C. Spayde, pastor of the Bethany Lutheran church will address the members of the "Eighteenth Amendment and The Benefit Expected as A Nation." A reception of new members and a social hour will follow.

Honoring Miss Alice Bell, who will leave soon for California, Miss Helen Hunter, W. North-st., entertained informally at her home on Wednesday evening. Guests included members of the Iota Beta Delta Sorority, a former high school organization. Cards were enjoyed throughout the evening and later Miss Hunter served a delicious buffet luncheon.

Guests included: Miss Bell, Miss Margaret Abrams, Miss Mildred Catt, Miss Florence Eddy, Dorothy Hunter, Hope Hollister, Sara Laughlin, Dorothy Wheeler and Florence Price.

Mr. and Mrs. Henry H. Zorbst, Eldora-ave, have as their week-end guest, Fred Maag, brother of Mrs. Zorbst.

Mrs. John Guft, and children, Chicago, Ill., who have been enjoying the past week with her sister, Mrs. A. A. Hunter, 602 1/2 W. North-st., have gone for a trip to Toledo and to northern Michigan before returning to their home.

Mrs. Lillian Waggoner, Edgewater Drive, Cleveland, is spending the week-end with Mr. and Mrs. Warren Ruffin, 315 S. Central-ave.

Miss Bess Hanthorne was tendered a most delightful surprise at the home of Mr. and Mrs. C. F. Hupp, 519 N. Jameson-ave, when about forty friends gathered in celebration of her birthday anniversary. The affair was also given as a farewell as Miss Hanthorne will leave for the Lutheran hospital, Ft. Wayne, Ind., to enter training school. Concoctions and music were enjoyed and at a late hour refreshments were served. Miss Hanthorne received many beautiful gifts.

Mrs. H. R. Reese, Lowell-ave, has as her houseguest, Miss Yvonne McNeel, Medina.

AUXILIARY TO CARMEN'S LODGES TO BE FORMED

The two local Brotherhood of Railway Carmen's lodges, Nos. 335 and 756, will hold an open meeting Friday evening, for the purpose of organizing a ladies' auxiliary. Refreshments and a good time are promised by the committee, which is composed of Emmitt Klinger, N. L. Douglass and H. H. Sherrick. The meeting will be held in the hall on the third floor of the old City building, W. High-st.

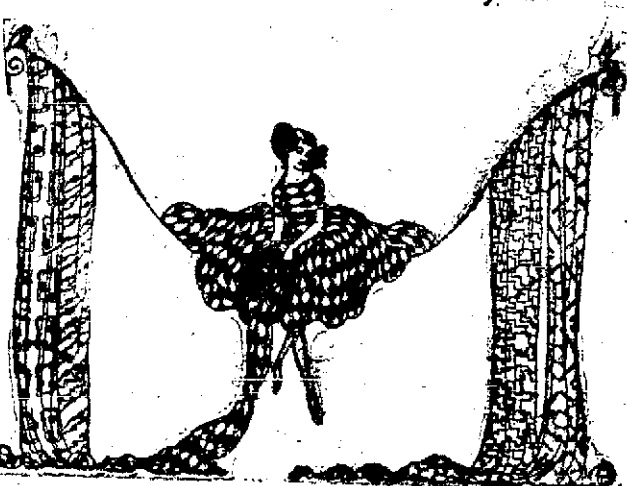

COMPANY C INSPECTION ON FRIDAY EVENING

Inspection of Company C, Lima infantry unit of the Ohio National Guard, is to be held Friday night, according to an announcement issued by Captain Clair Stout, new commander of the outfit.

Colonel John M. Bingham, assistant adjutant general, will conduct the inspection. All men will Friday night, be equipped for the training period at camp from September 1 to 17.

CARTER & CARROLL

HIGHWAY COMMISSION TO DECIDE CAPACITY OF METCALF'S VIADUCT

The capacity of the viaduct to be constructed over the Lake Erie and Western tracks at Metcalf-st is to be decided by the state highway commission at a hearing August 2.

City Solicitor H. E. Garling explained to council Wednesday evening that after a conference with representatives of the railroad company it was decided agreeable to allow the question to be passed by the state highway commission instead of having another hearing in the courts here.

The present dispute between council and the railroad company, according to Councilman J. W. Reed, is as to capacity, the railroad being willing to construct a viaduct of 30-ton capacity and council demanding one of 50 tons.

City Solicitor Garling was instructed to get in touch with the highway commission at once and present the claims of the city.

HEALTHERS TO MEET

Dr. J. J. Sutter, Allen-co health commissioner announced Thursday that the regular monthly meeting of the Allen-co District Board of Health will be held on Monday, August 2.

Only Two More Days of Gooding's Great "Mark-Down Sale"

"Thank You!"

Gooding's Greatest "Less-Than-Cost" Shoe Distribution ends Saturday night at 6 p. m.

Just exactly a month ago Gooding's began this great sale that has been the talk and wonder of all Lima and vicinity.

Originally planned to relieve an acute over-stocked situation, and also to answer the nation-wide desire for lowered prices, its purpose will have been accomplished by next Saturday night.

Thousands and thousands of pairs of shoes have been disposed of at prices for which a grateful public has expressed its appreciation over and over again. We could fill this entire paper with the complimentary things said about this sale. In fact, word-to-mouth advertising has been a far greater factor in its success than all other paid publicity!

Till 6 p. m. Saturday evening, Lima may take advantage of this history-making shoe clearance sale.

GOODING'S FINE FOOTWEAR 230 N. MAIN ST. LIMA, OHIO.

The Brooklyn Dodgers Aren't Dodging a Thing in Their Pennant Fight And the Reds are Beginning to Realize It.

WATCHING THE SCOREBOARD CHANGE

WEDNESDAY'S HERO. — Frank Frisch. The Giant third baseman cracked a triple to left with two on and scored himself on Kelly's single, putting the Giants on even terms with the Cards in the eighth inning. Victory came in the fourteenth, 6 to 5.

Terry's hitting again featured the Boston-Chicago double-header. He collected two doubles, a triple and three singles, while his team-mates were winning 8 to 2 and losing 8 to 4.

Shocker puzzled the Yanks and let them down with five hits. St. Louis 1; Yanks 0.

Grimes pitched and helped bat the Robins to a 3 to 0 shutout over the champion Reds.

Home runs by Whight, Stone, Fletcher and Truesdale were responsible for the Phillies winning the second game of a double header with the Pirates 5 to 4. The Pirates took the first 6 to 3.

GAMES TODAY

National League

Cincinnati at Brooklyn.
Pittsburgh at Philadelphia.
St. Louis at New York.
Chicago at Boston.

American League

Philadelphia at Chicago.
Boston at Cleveland.
Washington at Detroit.
New York at St. Louis.

PHOTOGRAPHS WILL ADVANCE IN PRICE SEPTEMBER FIRST

GIANTS LOOM UP AS CONTENDERS FOR LEAGUE HONORS

BY JOE BERNSTEIN

WATCH the Giants. That's the latest tip from the boys who have been following the National League race. There's a chance, and a pretty good one at that, that Johnny McGraw will keep his aggregation climbing for the rest of the season, and if he misplaces any of the other three first division teams in favor of himself, you needn't be surprised.

Not more than a week ago, the McGraw men were fighting their way into the first division after having occupied the sixth position.

Now they have realized a part of their aims and have moved into the first half of the running by a few but precious points. And at present, they are threatening to get within striking distance of Pittsburgh with whom they eventually expect to change positions—then after that it's hard to say what will happen.

But it's a fact that a National League race is never over until the last game is played, and the flag today, belongs to almost any of the first division teams that is willing to fight hard enough for it.

The Reds would like to get it again, unquestionably, but their playing hasn't been consistent enough to assure them the honors. Wednesday, after having won a beautiful game from Brooklyn that looked like they were staging a comeback, they lost the second of the series by a shutout. Nine to nothing was the score and Jimmy Ring was the goat.

Bagby, the Indian hurler, made his win record pass the score mark when he defeated the Boston Red Sox. It was his twenty-first straight victory.

TRACK PREPARATION IN EARNEST

If all the factories in the city are going after the Industrial Field and Track Title the way the Solar Refinery short trousersed squad is, there should be more than enough of the right kind of opposition in track and field circles here on Labor day.

The Solar management has ordered a complete outfit for its team of some thirty men, and they are having almost daily workouts in an effort to put their team in condition for the big day.

H. H. Starrett, the Lima sporting goods man, has stepped to the fore again, with his true sportsmanship manner of going into everything, and announces that he will donate the gold, silver, and bronze medals to the place winners in each of the events of the meet.

It was decided at a recent meeting of the committee in charge of the meet that prizes should be awarded to the individual place winners as a means of rewarding them for their effort. At first it was planned that the medals be bought out of the Industrial Athletic Association's funds, but now that Starrett will donate them, this sum of money can be used for other purposes.

WILLS WINS CHANCE AT DEMPSEY

Now that Fred Fulton has been disposed of by the colored corner, Harry Wills, it looks like the black activist has a chance to get an audience to the world that he is ready to take on Jack Dempsey in a title scrap.

Dempsey, some time ago, told the world that he isn't going to draw the color line, that he is ready to meet anyone who has a legitimate chance to grab off his honors.

Fulton had been claiming all of the while that he was the man who could give Dempsey the only real scrap, but from the looks of things

1920 PROVING GREATEST YEAR OF SPORT SINCE TIME BECAME FAN

NEW YORK.—When the curtain rolled up on the year 1920 it was generally predicted that this would be the greatest year in the history of sport the world has ever known.

That prediction is more than holding good.

Sports have come back with a bang to enjoy greater popularity than they have ever known before. Every sporting event of any consequence that has been to date, both in this country and in foreign lands.

CLEVELAND — Johnny Kilbane, featherweight champion, easily outpointed Artie Root, Cleveland, in ten rounds here Wednesday night. Root had the better of the fourth round when he staggered Kilbane with a left to the jaw. Kilbane came back in the fifth and dropped him for the count of nine.

Several times Root appeared to be on the verge of dreamland, but Kilbane was content to let him stay up. The champion got somewhat on excess of \$10,000 for his end.

Willie Beecher and Cal Delaney, Cleveland lightweights, fought a ten-round draw. Blockie Richards, Dayton featherweight, knocked out Art Strawnacker, Cleveland, in the fourth of a scheduled ten-round go.

Harry Korstein, Cleveland, outpointed Young Webb, Dayton, in eight rounds.

KILBANE HOLDS TITLE FROM ROOT

Harry Korstein, Cleveland, outpointed Young Webb, Dayton, in eight rounds.

DENVER. — Peter Herman, heavyweight champion, and Roy Moore, Baltimore, matched for 12 round bout in Denver August 13.

PHILADELPHIA. — Chicago White Sox obtained Amos Strunk, Philadelphia American, outfielder, through waiver route.

GOOD-BYE AND GOOD LUCK! AMERICA'S OLYMPIC STARS LEAVE FOR GAMES

Two groups of American Olympic stars photographed on the "Princess Matoika" just before it sailed. The boys and girls who will represent America at the Olympic games in Antwerp in August are now on the ocean, having left New York a few days ago on the liner Princess Matoika. They were given a royal sendoff. The girls in the lower photograph are all swimmers.

flanked by solid masses of humanity, and thousands failed to secure accommodations. Yet the year is young. There are many great sporting events on the calendar to be decided. The classic Olympic track and field games at Antwerp will be witnessed by thousands upon thousands of people. The National golf and tennis championships in this country; the coming world's series and the classic foot-

OLYMPIC SHIP THREATENED BY STORM

BY HENRY L. FARTWELL
ABOARD S. S. FREDERICK. — (By wireless to United Press.) — A rough sea and indications of a rash threatened to send the naval athletes bound for the Olympic games, below deck for their training Thursday.

A few slight colds constituted the only illness aboard.

The Frederick is 700 miles out with the Matoika following at 100 miles. A message from Senator Harding, Republican presidential nominee, carried greetings and wishes to the contestants for victory at Antwerp.

REAL LOVE STORY IN NEW PLAY

Doris Keane stars in "Romance"
Now Playing in Lima

OLD NEW YORK PORTRAYED

News and Gossip of Local Theaters and Offerings

THE return of the real story of love to the screen is the way picture reviewers everywhere have been unanimously describing Doris Keane's success in "Romance," a picture which was written especially for Miss Keane by Edward Sheldon. The picture is being shown the latter half of this week at the Regent theater.

As Mrs. Cavallini, the fascinating prima donna heroine, Miss Keane has won for herself many triumphs on the international stage, and is ranked as one of the greatest emotional actresses of today. The production is remarkable in every detail, showing New York in the early '50s. The most minute care has been taken to faithfully represent the environment of New York in which the production is laid.

The story in short is a tale of the love of a young minister for the great singer, and the final renouncing of that love. In this picture Miss Keane portrays in a very realistic manner the character of the young Italian singer, known as the Golden Nightingale. Her gown is exquisite, and she manages to wear them in a very graceful manner, despite the "now" awkward looking hoops, so fashionable in those days. The picture is considered one of the most emotional love stories that has ever been pictured on the screen.

NEW YORK — Price changes were again very mixed and unimportant at the opening of Thursday's stock market. The independent steel and automobile issues including the rubber accessories were under further pressure, but rails and equipments responded to moderate covering. Crucible Steel and Chandler Motor lost 1-2 points each and Kelly Springfield Tire dropped 2 points. Central leather recovered part of yesterday's setback and firmness was shown by such leaders as United States Steel, Baldy Locomotive and Reading. Early quotations for exchange on London denoted more acute weakness.

Following its course of the previous day the market strengthened soon after the opening, some of Wednesday's weakest features showing a fair degree of recuperative power. Shorts again were forced to cover in the steel and auto equipments and also oils and metals, but specialties were under pressure. Rails were steady but dull and shipbuilders kept in the background. The optimistic views of Governor Harding of the Federal Reserve board, respecting credit condition were called with general satisfaction. Call money opened at eight per cent but exchange money on Europe made further recessions.

Short Shavings

"You say you served in France?" asked the restaurant proprietor, as he sampled the new cook's first soup.

"Yes, sir; officers' cook for two years and wounded twice."

"You're lucky, man. It's a wonder they didn't kill you."

Robert, age three, was in a neighbors yard playing Indian. His mother called several times for him to come home. Finally, one of his playmates said:

"Robert, your mother is calling you."

"Yes, I know it," came the answer, "but I don't hear her."

Dibbins was dining with some people who were proud of the recent elevation of a member of the family to the House of Lords.

"This," said his hostess, "makes the second of my husband's family in the peerage. Have you any relation in the House of Lords?"

"No," said Dibbins, "but I've two maiden aunts in the Kingdom of Heaven."

"Two men got into a fight in front of the bank today," said a man at the tea table, "and I tell you it looked pretty bad for one of them. The biggest one seized a huge stick and brandished it. I felt that he was going to knock the other's brains out, and I jumped in between them."

The family had listened with rapt attention, and as he paused in his narrative the young heir, whose res-

TODAY — THINK ABOUT YOUR EYESIGHT

If your eyes "hurt" when you read, or smart when you go to the movies, if you have headaches and are nervous—it means your eyes need attention. Don't wait until your eyesight fails, don't wait until it is too late. Protect yourself now.

Expert Attention

We are qualified to treat you and our charges are reasonable. If you don't need glasses we'll tell you so. Come in at your earliest convenience.
